## 5. Other

### • Points of concern after enrollment

After enrolling in this insurance, please inform the section in charge of your school (the students section, student support section, health center, etc.) without delay in the occurrence of any of the following:

- Changing department, faculty, etc, being absent from school for 1 year or more in total during the period of insurance, changing the course you are enrolled in, and withdrawing from school

### • Cases of concurrent insurance contracts

Insurance claims shall be paid in the following manner in cases where concurrent insurance contracts or mutual aid contracts exist, which duplicate in content with this insurance contract (hereinafter as "other insurance contracts").

- ① In cases where insurance claims or mutual aid benefits have not been paid by other insurance contracts: The payment of claims shall be made in accordance with the enrollment details of this insurance contract, regardless of other insurance contracts, etc.
- ② In cases where insurance claims or mutual aid benefits have been paid by other insurance contracts: The payment of claims shall be made in accordance with the enrollment details of this insurance contract with respect to the amount of damages after subtracting any insurance claims or mutual aid benefits paid by other insurance contracts.

### • Notes regarding double compensation coverage

In cases in which there is an insurance policy (includes insurance policies excluding special policies and insurance underwriting companies) that has the same compensation policy, the compensation coverage might be redundant. When the compensation coverage is redundant, any accidents that are within the coverage can be paid for by either policy. However, there is a possibility that the policyholder only receives compensation from one company. Please check the difference and the maximum coverage in the compensation policy and consider the necessity for the policy.

### • Procedures in the event of an accident

When an insured event occurs, or an accident occurs causing an insured event to happen, you must contact the school insurance desk of Tokio Marine & Nichido Fire Insurance Co., Ltd. and inform them of the following information without delay.

- Your full name, age, and enrolled school - Date and time of accident - Location of accident
- Full name and age of the injured party - Cause of accident - Degree of damage (injury, destruction, etc.)

Also, please inform the school section in charge (the students section, student support section, health center, etc.) in the occurrence of any accident, and state that you have reported details of the above to the underwriting insurance company. Please note that a delay in giving the above notice may result in the reduction of claims payable, and the right to request claims is bound by the statute of limitations of three years.

### • Out-of-court settlement services

Out-of-court settlement services are not available. This insurance does not offer settlement negotiation services as an insurance company between the insured and parties who sustained injury or damage. In the occurrence, therefore, of an accident liable under this insurance, be aware that you must conduct out-of-court negotiations directly with the injured party, upon advice from the department/section in charge at the underwriting insurance company. Moreover, please note that the admission of your liability or any agreement to the amount of damages given without approval from the underwriting insurance company may lead to the failure to receive the claim either in whole or in part.

### • On liens

In personal liability insurance the injured party in an insured event who has the right to request damages against the insured has a lien on the insured's right to request the underwriting insurance company to pay insurance claims (excluding the right concerning insurance claims for expenses) (Paragraph 1 of Article 22 of the Insurance Law). "A lien" means the victim's right to receive compensation for the victim's credits out of the insurance benefits prior to all other creditors.

The insured may request the underwriting insurance company to pay claims to the extent of compensation made to victims or of the amount agreed by the injured party (paragraph 2 of Article 22 of the Insurance Law).

For the above reasons, the amount of insurance claims which the underwriting insurance company may pay upon request from the insured shall be limited to the cases of ① to ③ mentioned below, with the exception of insurance claims for expenses.

- ① The insured has already settled compensation for damages to the injured party;
- ② The victim can confirm agreement given by the underwriting insurance company for the payment of insurance claims to the insured; or

- ③ Under instruction from the insured, the underwriting insurance company makes the payment of insurance claims directly to the injured party.

### • Handling of insolvency cases of an underwriting insurance company

In the event that the insurance company should become insolvent, there may be cases where the payment of claims, refunds, etc. is frozen for a certain period of time or where the amount of claims, refunds, etc. is reduced.

If, at the time of the insolvency of the underwriting insurance company, the policyholder is a private individual, a "small-scale corporation" (meaning Japanese corporations and foreign corporations (restricted to contracts entered into by offices in Japan) of which the number of regular employees at the time of the insolvency does not exceed 20) or a condominium owner association, this insurance shall be under the jurisdiction of the Non-life Insurance Policyholders Protection Organization and claims, refunds, etc. shall, in principle, be covered up to 80% (or 100% in respect of claims arising from the insured incident occurring within 3 months of the suspension of payment by the insolvent insurance company). (Even in the event that the policyholder is not in a private individual contract, the above coverage shall apply to the insured individual(s) for the part of the contract which the individual(s) actually bear premiums.)

### • Handling of private information

Japan Educational Exchanges and Services (JEES), the policyholder of this insurance, will provide private information concerning the names, student numbers, payment dates, etc. of students enrolled in this insurance to the underwriting insurance companies in relation to this insurance. The underwriting insurance companies and their group companies will use such private information concerning this contract for the purposes of underwriting decisions, management and implementation of duties under this contract, provision of incidental services, information and provision of various other insurance and financial products and related services, conducting questionnaires, as well as in cases ① to ⑥ mentioned below. The purposes of using particular confidential health and medical information (sensitive information) are restricted to the scope considered necessary for the appropriate operation of insurance business and the like, under the Insurance Business Law Enforcement Regulations.

- ① Private information in this contract shall be provided to entities to accomplish purposes of use deemed necessary. Entities include entrusted businesses (including insurance agencies), insurance brokers, medical institutions, entities related to insurance claims and payments, financial institutions, and the like.
- ② Private information shall be used in cooperation with other insurance companies and the General Insurance Association of Japan for the purpose of making decisions regarding insurance claim payments and other matters.
- ③ Private information shall be used in cooperation between the direct writing insurance company and group companies of the underwriting insurance company, as well as between the underwriting insurance company and affiliated companies for the purpose of providing and introducing products and services.
- ④ Private information shall be supplied to domestic and overseas reinsurance companies for the purposes of entering, renewing and managing reinsurance contracts.
- ⑤ Private information shall be provided to secured parties for administrative procedures regarding the establishment, etc. of security rights of pledges, liens, etc., as well as the management and exercise of such rights.
- ⑥ Insurance money claim information etc. (including past information) of those covered by insurance shall be provided to the policyholder and the student enrolled in this insurance to ensure stable operation of the contract (e.g., judgments of insurance underwriting relating to renewal contracts)

For details, please refer to the websites of Tokio Marine & Nichido Fire Insurance Co., Ltd. ([www.tokiomarine-nichido.co.jp](http://www.tokiomarine-nichido.co.jp)) and other underwriting insurance companies.

Private information will be included in a list of enrolled members prepared by their schools which Japan Educational Exchanges and Services (JEES) submits to Tokio Marine & Nichido Fire Insurance Co., Ltd. Should you find it difficult to agree to the above, you are requested to inform Japan Educational Exchanges and Services (JEES) immediately. (Agreement to the above is required to enroll in this insurance.)

### • Cancellation due to significant reasons

In any of the following cases, Tokio Marine & Nichido Fire Insurance may cancel enrollment. Note that in such cases, the company may not be able to pay the insurance money either in whole or in part.

- The policyholder or insured caused damages or injury with the purpose of having Tokio Marine & Nichido Fire Insurance pay insurance money based on this policy.
